

AMERICAN SPIRIT ARMS™

MANUFACTURER OF PRECISION FIREARMS

NEWSLETTER | MAY 2009

NEW AMERICAN SPIRIT ARMS WEBSITE!

We launched our new Web site! Two months ago our new site was put in place, and the feedback and traffic has been amazing. The site features more products and more information to better serve our growing customer base. Stay tuned, as we're constantly adding more products, photos and information regularly. Visit AmericanSpiritArms.com now!

SIDE CHARGER RECEIVER

We're proud to offer our industry-leading Side Charger Receiver and our rifles, carbines, and upper assemblies.

This receiver was designed in response to being a highly requested option for the AR-15 by our customers. By relocating the charging action to the side of the receiver, as opposed to the rear of the receiver, the shooter maintains sight alignment and shooting positions while simultaneously chambering a round. The Side Charger Receiver is especially important when used in a tactical environment as it eliminates any possibility of snagging the rear charging handle.

ASA-M4A3 TACTICAL CARBINE

We are currently showcasing our ASA-M4A3 Tactical Carbine! This is by far one of our most popular carbines. It is built using a true Mil-Spec 7075 forged upper and lower receiver that are CNC machined to exacting tolerances. The M4A3 upper includes the mil-std 1913 top rail for mounting your choice of modern combat optics, plus the very important M4 feed ramps that aid in feeding and reliability. All our products go through a rigorous test and evaluation process in our Quality Assurance department. Testing is done to

maintain the highest levels of quality that you have come to expect from ASA. Many of our customers are US military and current law enforcement officers, who have used our carbines with great success in the line of duty. We are very proud to provide to our customers a carbine that is considered the pinnacle of performance, quality, and reliability. The ASA-M4A3 fires the 5.56 NATO and .223 round, promising 1 MOA guaranteed and a lifetime warranty, undoubtedly the best value on the market today.

ASA Staff

The team at American Spirit Arms is dedicated to producing high quality American manufactured products and provides outstanding service to each and every customer. Each person at ASA brings with them a unique set of skills that contributes to our success and continued growth. Key members of the American Spirit Arms team include:
